

Tuition Reduction Agreement 09-10

Note: This year our Tuition Reduction Program has taken on significant changes due to financial restraints in reaching a balanced budget. Please check the list before filling in your hours. We are asking that you forego this program, if you are able, to help us balance budget.

If parents agree to provide 90 hours of time to Freeman Academy annually, each full time enrolled student's tuition fee will be reduced by \$400. This provision lowers tuition costs for families and helps the school save personnel costs. Services and activities that apply:

Continued Volunteer Hours:

Office support

Classroom assistance

Driving the School Bus (CDL required)

Organizing/Chairing fundraisers, (working at fundraisers) not clear

Selling tickets or working at athletic events

Clean up after sporting events

Cleaning buildings, custodial assistance

Fair booth hours

Discontinued hours:

Repair and maintenance work

Hours for keeping international students

Baking for any fundraiser

Schmeckfest

Working with costumes

Planting and harvesting crops

Some flexibility exists to do work on or off campus and during non-school hours, July-June.

Persons, other than parents, grandparents or immediate family members who might fulfill the tuition reduction contract must be approved by administration.

Activities which do not create income or provide for the daily needs of instruction and operation of the school, will not apply to the Tuition Reduction Agreement. Examples of activities which do not apply are:

- Meetings or travel time while serving on boards and committees of the school, museum, arboretum or auxiliary.

Reductions in tuition fees will be shown on your billings as time sheets are turned in quarterly.
