Another school year is starting and I just wanted to take a minute to say thanks for all you do for the students who participate in extracurricular activities. The effort you put in does not go unrecognized by those of us here at Farmers Union Insurance. As a corporate sponsor of South Dakota High School Activities Association, we have seen some of the hard work that is put in by concerned educators like you.

As you go forward through the school year, remember that the South Dakota Farmers Union Foundation awards 25 - \$1,000 scholarships in the spring of the year. You can find more information on the "Insuring a Brighter Tomorrow Scholarships" at the web site. <http://sdfufoundation.org>

Being a parent of three kids who have participated in extracurricular activities all through school, I understand the effort it takes for students to strive, and sometimes achieve, excellence. Without the support you give, this cannot be possible.

Thank you again;
